CALL FOR SAMPLES

AW 1819

TO ENHANCE YOUR VISIBILITY DURING THE SHOW, WE
INVITE YOU TO SEND US YOUR NEW ITEMS FOR AUTUMN-
WINTER 2018-2019.

INDEX

THE DIRECTORY
OF KNOW-HOW

INDEX offers an overview of the entire Première Vision Accessories range, with each exhibitor being represented in alphabetical order in an individual glass case by a selection of representative samples from their collection. Send us a selection of samples that illustrate the types of products you make.

In order to ensure coherence, our team will manage the layout of the display board, which measures 21x27cm. Please do not send pre-prepared boards as they will not be used in that format. Please note that Index displays cannot be made using products brought to the show itself.
